Prologue. 2

The beauty and the beast.

One of Diseny's greatest hits.
The beast's curse is lifted by his
love toward the beauty.

So, let's ask a question.
Why did the beast start to love the beauty?
I know we all know the answer.

But let's ask Gaston for a clear answer.

There you go.

If she wasn't beautiful ...

She would have not received Lumiere's feast

She would have not received Mrs. Potts' tea.

Actually, even before that

I've come for my father. Please let him out!
Can't you see he's sick? There must be some way I can...
Wait! Take me, instead!
YOU!!
You would take his place?
Yes.
Come into the light

Leave You Girl!
I'm here to recapture her, plus not to, no I'd hurry up, but I'd like her to spend one of her life in the cold tower until the end.
The beast never cried. Both eyes, never.
"I'm sorry, my" the beast.
"I'm sorry."

That would have been probably how it ended...

Yes, yes I do know.

As the title suggests, there has to be a beauty in the story.

But I can still dream, can't I ?

Whatever I dream won't bother and hurt others.

.
.
.

So, for me, my love always starts in
my head before my heart.

My love starts in my head and goes through my fingers into Word.

I have to make myself clear that I am not entirely
happy with my current situation.
I, too, am a woman. I, too, want to love someone
passionately.

But...

Whar? Long time no talk. What's up? It's quite late, isn't it?
Are you serious? For real? Damn... I cannot believe that happened to Jur... Jur, the ever happy girl...
Hmm, well, I see. It's time for us to gather and share our innermost thoughts... especially my insightful opinions...

I am fat.

And I am ugly.

And my name is Uoor.

What the hell am I gonna say to a dumped girl ?
I didn't think such a situation could befall on me !
I may be a romance author but I've never thought about A/S stuff!
I think I read a similar situation from this book ... Let me see....

A/S (After service, warranties and so on)

An ugly fat girl who dreams of wonderful love.

The beauty and the beast.

It may have been fun when I watched it as a kid.
But after watching it again as an adult,
I do not understand Belle's attitude.

Talk about unrealistically high standard
from a girl raised by a loser father who
can't do anything well.

She wasn't really in a position to refuse any marriage
or concubinage proposals. Still a castle owner
wanted her and what she said ?

.
.
.

She wanted to see the guy's face.
Who does she think she is ?
What does she have compared to him?
She had nothing, damn nothing.

Hello, Mr. Foolish dad.
Do you know the guy at all?
The guy's got a freaking castle!
What more does a guy need?

If it was me ...
I mean, if I was Belle ...

The father was released and they had a nice dinner together.
And they became close over a night.
Why is my curse still on?!
Do you love me, Belle ?!
But for some odd reason, the curse was still on and the rose was withering.
Yes, I deeply love you (your castle).
In the end, the beast was unable to lift his curse and died of stroke due to massive stress even before the rose would wither completely.
What the hell

Now, that is what I would call a happy ending...

Heya, darling, I have a question ...
The brand bag you said you were going to buy me... Did you buy it yet ?
I even texted you the model number...

Love is good.
Lovers give, give, and give.

This man loves me.

He loves me very much.

I, too, love him.

<Text : Sorry, I was going to buy you the bag... We will go there this weekend.>

< Text : Come out. I am with Jur and Whae.>

My name is Sur.

A woman who think she is in a relationship...
